Monmouth group set to organize Watch program

Monmouth Township will join a growing list of local municipalities in which residents have decided to help the Ontario Provincial Police prevent crime.

A total of 67 people turned up at the Lloyd Watson Memorial Centre last Tuesday for a discussion of the Neighbourhood Watch program. Under the scheme, outlined by community services officer Gary Chapman, residents keep an eye on other people's homes and property, reporting any suspicious activity to police. Neighbourhood Watch programs already are operating in Haliburton and Minden, and a program for Stanhope Township is in the formative stages. A number of local cottage associations also have indicated an interest in participating.

A second meeting was scheduled for this Tuesday at which the Monmouth residents will establish an organization to put Neighbourhood Watch into place.

County wants INCO to reduce emission

Haliburton County council has voted to support a resolution from neighbouring Hastings County that calls on federal and provincial authorities to force International Nickel of Sudbury to further reduce its sulphur dioxide emissions. But in siding with the Hastings resolution, council added the statement that tax money should be used to assist in the cleanup operation.

The Hastings resolution notes that acid rain is an ecological "disaster" which is threatening the forestry and tourism industries.

Stanhope Reeve Harry Davis, who keeps abreast of the acid rain situation on council's behalf, noted that INCO is caught between pressures for stricter emission control and the economic pressures of a declining market for nickel. He said he could not support the resolution for that reason.

But Dysart et al deputy reeve Gary McKnight said the company should not be allowed to plead that it cannot afford further pollution abatement measures.

Davis then clarified his earlier statement, saying he did not want "to give the impression that I'm not against acid rain". But he said the problem of acid rain can be attributed to many sources, including automobiles. He said improved emission controls for cars would add about \$200 to the cost of each vehicle, and suggested that pressure should also be brought against the automakers.

International Nickel's Sudbury smelter is acknowledged to be the largest "point source" producer of sulphur dioxide pollution in the world, but its output of the gas accounts for only one per cent of the total pumped into the atmosphere in Canada and the United States each year.

On the suggestion of Bicroft Reeve Bill Howe, council voted to support the Hastings resolution with an additional clause stating that tax money should also be made available to assist the company in reducing its emissions.

Notice of council's endorsement will be sent to provincial and federal officials.

Minden OPP constable Mike Legge stands guard Sunday in front of the Eagle Lake house in which Joan Hall, age 28, and her daughter Nadia, age two, were murdered late Saturday afternoon. Bernard Hebert, age 23, has been charged with two counts of first

degree murder in connection with the deaths. Hebert was arrested near Barnum Lake, south of Haliburton several hours after the murders occurred. A domestic dispute is believed to have led to the killings.

Pair charged with conflict

Case centres on moves to improve a forest road

Two Cardiff Township councillors face conflict of interest charges after voting to spend township money to maintain a forest access road on which they own property. Charges were laid against Paul Slighte and John Irwin by Paudash Lake Conservation Association president Bill Davis last week. The matter is scheduled to come to County Court in Lindsay on December 21.

A conviction under the provincial Conflict of Interest Act could cost the councillors their seats. As well, they could be ordered to reimburse to the township, any money that has been spent on the road in question and to pay the legal costs of the Paudash Lake Conservation Association. If they are acquitted, the councillors' legal costs would be paid by township conflict of interest insurance.

The charge against the two councillors results from a May, 1984 motion to provide year-round maintenance on the Eel's Lake forest access road, owned by the Ministry of Natural Resources. The motion was made by Irwin, seconded by councillor Debbie Donaldson, and supported by Slighte. Reeve Mac Peters did not support the motion, and deputy reeve Ross Duncan was absent from the meeting.

The Eel's Lake Road also services properties in Burleigh and Anstruther Townships, and since Cardiff council's motion was passed, the Ministry of Natural Resources has ceased to maintain the 4.8 kilometre portion which lies in Cardiff.

On August 3, Irwin and Slighte also moved and seconded a resolution to perform summer maintenance on a portion of the privately owned Topps Road, effective January 1, 1985.

The Paudash Lake Association, which represents over 600 cottagers, has made a number of attempts to block maintenance of the Eel's Lake Road. It says the cost of servicing the road represents "an undue financial burden because the cost is far greater than that of servicing township roads".

The provincial transportation ministry will not subsidize any work performed on roads which are not part of the municipal system. As a result, the almost \$12,000 cost of the planned work on the Eel's Lake Road would have to be borne

Historical Society hopeful on bid for Kanawa museum

Haliburton County's Historical Society believes it stands "an excellent chance of being successful" in its bid to have the Kanawa collection of canoes and kayaks moved to Haliburton.

Society chairman Frank Wallace told county council last Wednesday that a verbal presentation made to the Kanawa board in Toronto, November 17 to back up a written proposal submitted earlier "appeared to be well received".

Representing local interest at the Toronto meeting were Dysart et al Reeve Murray Fearrey and Dysart clerk Wayne Wood as well as Wallace.

Kanawa museum board president Robert Dunn "spoke favourably of us" at the two-hour meeting, Wallace told council.

Since June, when the Glebe Park site was selected by the society as

its most favoured location for the museum to house the Kanawa collection, several meetings have been held with Dunn and Kanawa founder Kirk Wipper, Wallace said. Dunn also spent a weekend in the area as a guest of the society to acquaint him with local facilities and attractions.

As an interim measure, the society has arranged to have many of the Kanawa canoes stored in Donald, Wallace said, and more than 100 of them are now housed at the site of the old Donald Chemical plant.

A decision on the future of the Kanawa collection is expected to be made within six months. A number of other communities have made presentations to the Kanawa board, Wallace told council, "just how many, we are not certain".

Murder charges laid in Eagle Lake deaths

Two charges of first degree murder have been laid against a Guilford Township man after his girlfriend and her two-year old daughter were stabbed to death.

Bernard Hebert, age 23, is charged in connection with the killing of Joan Hall, age 28, and her daughter Nadia, age two. Police say the assault occurred at approximately 4:30 p.m. Saturday following a domestic confrontation at the Eagle Lake home of Gertrude Traviss, mother of the dead woman.

Hall is reported to have been living at her mother's home for about a week. Traviss was not home at the time of the attack. Joan Hall's son Kyle was playing with friends nearby and was not hurt.

A post mortem examination confirmed that the victims died of blood loss resulting from multiple stab wounds.

An Eagle Lake area resident reported seeing a man walking toward West Guilford and carrying an object in his hand shortly before

dusk. The man hitchhiked back to the cottage he was renting at Pine Lake about seven kilometres from the scene of the slaying. The cottage burned down a short time later.

The man then hitchhiked to Barnum Lake south of Haliburton. The driver who provided the ride notified police that his passenger had been acting suspiciously, and a cruiser was dispatched to the area. When police arrived on the scene the suspect fled into the woods. A tracking dog was called in and Hebert was subsequently arrested without further incident.

He was taken to Lindsay and appeared in provincial court Monday on two charges of first degree murder.

The dead woman had been working as a waitress at Kozy Korner Restaurant in Haliburton. A trust fund has been established for Kyle Hall, and donations can be made at the restaurant.

Coordinator resigns county told

Haliburton County council has said it is willing to act as sponsor for a children's services case co-ordinator after the person who has held the job for the past 18 months resigned in a dispute with the previous sponsor.

Mike Wood resigned last Monday because of what county council's children's services representative Glynnie Lewis described as "the inflexible arrogance" of the Haliburton County Board of Education. The board has been the sponsoring agency for the co-ordinator under an agreement between the Ministry of Community and Social Services and the local children's services advisory group. Lewis said friction

developed between an advisory committee, consisting of three trustees and three local citizens, and the co-ordinator, leading to his resignation.

Lewis described Wood's resignation as "a great loss for this county". He said he hoped the position could be retained if county council took over the role of sponsor once the current agreement ends next March.

Lewis said he will seek an interview with the board of education and social services ministry representatives in Peterborough to discuss a change in sponsorship.

Wood will continue as children's

Pre Christmas Discount Day your chance to shop locally

If you've been putting off that Christmas Shopping with the thought that there's still plenty of time, the merchants of Haliburton and area would like to remind you that as of this Wednesday there are only 23 shopping days left until Santa makes his rounds. That's right -- Christmas is less than four weeks away.

There's no need to panic though. And there's certainly no need to start planning a trip to Lindsay, Peterborough or Toronto, especially not with the uncertain weather December always brings, and the high cost of fuel. This year, why not make it a point to shop locally? You're almost certain to find just the right gift for everyone on your list if you take the time to visit local merchants.

And there will never be a more appropriate time to shop locally than this Saturday, December 1,

when retailers in the community will once again offer substantial discounts on hundreds of items suitable for Christmas giving. It's the annual Pre Christmas Discount Day sale, and it's your chance to enjoy a little of the Christmas atmosphere and save a good deal of money on your shopping at the same time.

Included in this week's Echo you'll find a special 12-page section announcing Discount Days specials. Look over the advertisements carefully, make a shopping list and plan to be in Haliburton this Saturday.

When you do your Christmas shopping locally you save money, time, fuel and frustration. You don't have to fight the crowds. And by patronizing local merchants you help keep the county's economy strong, so take part in this year's Pre Christmas Discount Day sale. It begins at 9 a.m. and continues throughout the day.

Major changes are planned in MOE grants

Major changes are being made in the Ministry of the Environment's grant program for water and sewage works, Ontario Environment Minister Andy Brandt announced recently.

"We will be committing million to assist municipalities in providing essential environmental services to small communities and rural areas," Brandt said.

"These changes will provide increases in grant funding for small municipalities, simplify the grant calculation, and extend financial help to certain municipalities which were not eligible for grants in the past," Brandt said.

Ministry grants will now be fixed at a maximum 85 per cent as compared with the former 75 per cent in communities with populations of less than 1,000. For communities with a population greater than 7,500, the grant would remain at 15 per cent for major works. Grants for municipalities in between will be scaled from 85 per cent to 15 per cent on the basis of population.

The show room at Curry Motors in Haliburton was a busy place on Saturday as the women of St. George's Anglican Church put on a bazaar and bake sale that drew a steady streak of customers throughout the

morning. One of the most novel attractions at the event was a boutique offering hand-made clothes especially for Cabbage Patch dolls, which can be seen on the right in the background.

Stanhope council minutes

At a meeting of Stanhope council November 14, the following matters were considered:

Members in attendance included Reeve Harry Davis, Deputy Reeve Elgin Stouffer and councillors Ann Barker, Dale MacDonald and Elvin Johnson, respectively. Also in attendance were the following individuals and delegations: James Moore, by-

law officer, John Barclay re: recreation, parks and community centres committee, Harold Barjarow, road superintendent, David Irwin re: proposed property sale, Mike Shirley, Minden Times and Alex Stevenson, interested citizen.

Mrs. Ann Barker declared a conflict of interest on the following items: #15 general accounts payable - bicenten-

nal supplies and also item #18 on the agenda being tender quotes on the Christmas dinner. Elvin Johnson declared a conflict on general accounts payable #42, being the purchase of pads for a boat launch; and Dale MacDonald declared a conflict of interest on general accounts payable #39, being a purchase of fire department gas and oil.

Council appointed Dr. Peter Bennett of the Minden Small Animal Clinic as the township's official pound keeper subject to the terms of council.

Council's request for the installation of the basic accounting package sponsored by the Ministry of Municipal Affairs and Housing was confirmed and the reeve and were authorized to sign an acceptance of the proposal for such installation made by the municipal auditor at the estimated cost of \$2,925.

Council approved in principle of a proposal by Mr. and Mrs. Richard Howden to purchase a part of an old municipal road bed located on part lot 10, concession 1, Stanhope Township as described in their letter dated October 31, 1984. The purchase price for the property; the applicant being responsible for all costs relating to the necessary road closing by-law (legal, survey, administration, etc.) and the satisfactory completion of the by-law.

The clerk advised Dr. Sprowl that council approves in principle of his proposal to purchase part of the lake-shore allowance fronting his property on Hall's Lake, part Lots 15 and 16, concession 8, Stanhope. Dr. Sprowl is

requested to obtain an O.L.S. survey of the allowance which exists fronting his property. Upon receipt of the survey, council will give further consideration of his request.

The clerk was authorized to issue 1984 council member remuneration in accordance with By-law 84-13 for the township.

Council authorized the cancellation of 1982 business tax totalling \$101.06 and also the refund of 1983 business tax totalling \$84.52. Uncollectable and termination of business are the respective authorized reasons for these approvals.

Council authorized the cancellation or refund of taxes totalling \$118.84 as authorized under Section 496 of the Municipal Act and recommended by the Assessment Commission.

Council accepted the quoted price of \$7.75 per plate from Kurt Leuhman for the township Christmas dinner.

Ann Barker declared a conflict, and refrained from discussion or voting.

Council acknowledged receipt of copies of the following minutes of committee meetings: recreation, parks and community centres committee dated October 23, 1984 - board of management dated November 7, 1984.

Grooming machines funded

Dysart et al council has received a \$91,306 grant from Wintario to purchase grooming equipment for snowmobile trails in the nine Dysart townships as well as Lutterworth, Stanhope, and Anson, Hindon and Minden Townships.

The municipalities made a joint application for the grant after a meeting earlier this year with representatives of the Haliburton County Snowmobile Association. HCSA officials told members of

county council that new equipment was needed if the extensive trail network was to be maintained to adequate standards. The association turned to the municipalities because it could not qualify for further Wintario assistance.

Confirmation of the Wintario grant came at a meeting of Dysart council last Monday. It will be used to purchase tracked grooming vehicles. Labour to operate the machines will be supplied by the HCSA.

Club to vote on Ethiopia aid

Haliburton's Rotary Club will vote this Thursday on a motion to donate \$5000 to relief efforts for starving refugees in Ethiopia.

If the club does provide funds to the Ethiopian relief efforts, the

federal government will respond with a grant equal to three times the local contribution, making the local Rotary Club's gesture worth \$20,000 in food aid to the drought stricken east African country.

Warden ends term in office

Anson, Hindon and Minden reeve Lyle McKnight presided at the final meeting of his one-year term as county warden last Wednesday, and he used the occasion to thank his fellow county councillors for their efforts throughout the past 12 months. In particular, McKnight praised members who acted as chairmen of various committees.

"It helps to make the job of warden much easier when committees function as well as they did this year," McKnight said.

Council will hold its inaugural meeting and choose a new warden on Tuesday, December 11, and will hold a regular session, the last for 1984, on Wednesday, December 12.

New joint forestry agreement is signed

A \$150 million cooperative forestry agreement providing for increased tree production and planting and other intensive forest management activities has been signed by Federal Minister of State (Forestry) Gerald S. Merri- thew and Ontario natural Resources Minister Alan Pope in Thunder Bay.

Under the agreement, the federal and provincial governments are committed to spending a total of \$150 million on an equal cost-sharing basis over the next

five years. Increased forest management activities and employment opportunities in the forest sector are key aims of the agreement.

The goal is to increase the annual yield of Ontario's Crown forests to 25.8 million cubic metres annually by the year 2020.

Major activities under the agreement include the production of trees for planting, forest site preparation, seeding, increased planting, stand tending and tree improvement.

Other activities include enhancing the forest management information system, forest research and technology transfer, integrated resource management initiatives and studies aimed at improved wood utilization and the development of new forest-based products.

A federal-provincial management committee with three representatives from each government will be established to oversee the implementation of the agreement.

CAT scanner to be explained

By MABEL D. BRANNIGAN

On December 3, at 8:00 p.m. Branch 129 will host an educational program regarding the CAT Scan machine, for the general public in the Legion hall. Slides will be shown, and these will be supplemented by an informative speaker. What is the CAT Scanner? Recent technology has provided a combination computer and x-ray machine which provides a totally new approach in the field of x-ray imaging. The CAT Scan replaces older and less accurate techniques which carry a greater risk for the patient. The tiny differences in the density of body tissue can now be seen in a much safer way. Results have been likened to looking

at individual slices of a loaf of bread instead of just looking at the whole loaf.

Why should Haliburton County residents be interested? At present, hundreds of residents of this district require the benefits of the CAT Scan. But, they must be sent to Oshawa, Kingston or Toronto to receive such benefits. While these hospitals try to help us, their primary commitment is to patients of their community. Thus, we must encounter a long delay which can stall the patient's diagnosis. This fact need not be so negative, because there is a possibility that with a concentrated effort of everyone in our community, we can help to acquire a machine to serve the needs of our region.

Indeed, residents of other counties, such as Victoria and Peterborough, have already accepted this challenge.

What can we expect from the CAT Scanner? The machine's ability to detect diseases such as cancer can make the difference between life and death. Conclusive diagnosis in head and spine injuries are allowed. Stroke patients, and those with back pain can be helped. These are some of the areas where Haliburton County patients will benefit.

This is an invitation for the general public to attend the program at the Legion hall, to enjoy refreshments after, and to learn more about how the CAT Scan can help you.

This Week

Students focus on careers during week of activities

Haliburton high school students will get an introduction this week to some of the career choices open to them. Five days of special activities have been scheduled, and will call on the knowledge and expertise of a broad cross-section of area residents.

Career week, an annual event organized primarily by senior students under the direction of the guidance department, kicked off on Monday with an address by director of education Stuart Baker. In his talk to students the director focused on what he termed 'the three c's' - change, challenge and careers. He noted that an era of rapid technological change is beginning, with computers playing an increasingly important role in the workplace. The ultimate keys to success, he said, are perseverance and hard work.

On Tuesday the students will take part in a series of self-awareness workshops on values, interests and aptitudes related to employment.

Staff of the Hospitality Training Centre in Haliburton will lead the workshops.

Wednesday, a series of optional workshops on a wide range of topics will be held. Subjects to be covered include resume writing, job interviews, journalism, photography, small business, nursing and other health related careers, law and careers in education.

On Thursday, a 'job fair' will be held in the school's gymnasium. Members of the community will provide information on some 35 types of jobs and careers, allowing students to get more detailed information on areas of employment that interest them.

The week will conclude with an assembly on Friday featuring Bob Knuckle, an educator from Hamilton, who is also the producer of a film on former Green Bay Packers coach Vince Lombardi. Knuckle's presentation will focus on motivation and drive.

Taxes hurt tourism: MPP

Ontario government taxation policies are hurting the tourism industry, Victoria Haliburton MPP John Eakins claims. Speaking during debate on the estimates of the Ministry of Industry and Tourism earlier this month, Eakins said Ontario has lost its competitive ad-

vantage in the tourism marketplace "because we are over-taxed and therefore we are over-priced".

"Nowhere is this more evident than in centres that are close to our neighbours in the U.S. where liquor, tobacco, gasoline, meals and accommodation are taxed in drastically different ways," Eakins said.

Since 1981, the number of Americans visiting the province has dropped by more than 20 per cent despite the substantially greater buying power of the U.S. dollar, Eakins told the legislature.

"Americans feel it is just too costly to eat, drink and holiday in Ontario," he said.

Eakins said the government appears to have taken the tourism industry "for granted". Throne speeches and budgets for the last two years "have held virtually nothing for our tourism sector," he said.

The tourism deficit - the difference between money spent in Ontario for tourism and money spent by Ontario residents outside the province - has been increasing, from \$341 million in 1982 to an estimated \$734.6 million in 1984, Eakins noted. As a result, he said, tourism has now slipped to third place from second place in economic importance.

Eakins challenged the government to deal with the problem directly by taking a new look at taxes.

"Why not change your taxation policies?" he said. He urged the minister to consider if there is "a break-even point where the tax revenues are no longer worth the overall loss they have produced in the tourism sector".

Society optimistic

from page 1

In support of the society's efforts, county council agreed to provide an additional \$500 for expenses in connection with the Kanawa presentation, supplementing an earlier grant of \$1000.

Police were sifting through the remains of this burned-out cottage near Pine Lake in Guilford Township on Monday in connection with a double homicide which occurred in Eagle Lake Saturday afternoon.

Bernard Hebert, 23, who has been charged with the murders of Joan Hall, age 28, and her daughter Nadia, age 2, had been living in the cottage before it was destroyed by fire on Saturday.

County chooses a new clerk

Haliburton County council has chosen a new clerk/treasurer to replace Winifred Lahay (Newberry) who will retire from the job at the end of December. The appointment of Wanda Scott of Haliburton was confirmed at a meeting of county council last Wednesday.

For the past 12 years, until her appointment to the county position, Scott has been employed at the Haliburton accounting firm of Dawson, Gray, Dart, where she worked on municipal audits.

She will work with Winn Lahay until the end of December and take over the responsibilities of clerk/treasurer on January 1.

Legion backs CAT

The Haliburton Legion is sponsoring a public meeting next Monday night to provide information on the campaign to purchase a computer assisted tomography (CAT) scanner for Peterborough Civic Hospital. Local service clubs, community groups and the general public are invited to attend.

The evening will include a slide presentation outlining what the machine is, how it works, and how it will benefit area residents.

Goal of the fund-raising campaign, which has been underway for several months, is \$1.8 million.

Resignation

from page 1

services case co-ordinator until the end of December.

Lewis said he is unsure how long it might take for the province to approve county council as the sponsoring agency if the children's services advisory group supports the idea.

In the meantime the local children's services advisory committee has begun to advertise for someone to replace Wood.

Conflict charge

from page 1

entirely by municipal taxpayers.

The association also claims that the township is jeopardizing all of its MTC subsidy, since the MTC could argue that if the township can afford to improve private roads, it does not need provincial help.

In early October, the Paudash Lake Association pressed council to reverse its decision on the Eel's Lake Road. But the bid was rejected, and in a recorded vote, Irwin Slighte and Donaldson supported an extension of the work, with Peters and Duncan opposed.

Subsequently the association hired a lawyer, who wrote to council requesting that all work on non-subsidized roads be stopped and all motions authorizing such work be revoked. The association also called for the resignations of Irwin and Slighte.

When no action was taken on the requests, the association decided to bring conflict of interest charges against the two councillors.

County wants to see gulls controlled

Haliburton County council has supported a resolution from the Township of Downey which calls on federal authorities to remove the ringed bill gull from the protected species list. But at least one councillor argued that the gesture was not a wise one.

The push to support the Downey resolution came from Dysart et al. Reeve Murray Fearrey, who said the gulls are "a real menace" and "one of the largest polluters we have".

"There should be some measure of control," Fearrey told his fellow county councillors last Wednesday.

The gulls are a common sight at local dumps, and those who argue for measures to reduce the animal's numbers say they foul beaches and parks, and carry garbage over a wide area. But wildlife experts say the gulls actually benefit the environment by scavenging.

Sherborne et al. deputy reeve Don Shortreed agreed with Fearrey that "something should be done" about the number of gulls in the area, but he expressed concern that removing

them from the protected species list might open the door to unrestricted shooting of the animals. He said he would want to see a detailed explanation of how the number of birds could be reduced while protecting the species from indiscriminate killing.

Anson, Hindon and Minden deputy reeve Ed Pergolas spoke against the Downey resolution. Pergolas said most people "wouldn't know a ringed bill gull if it fell on their head". He said wildlife officials have no intention of removing the species from the protected list in Canada, nor does the U.S. wildlife service.

But Bicroft Reeve Bill Howe said laws "are very rarely ever changed unless people bring pressure to bear". While he agreed with the concerns expressed by Sherborne et al. deputy reeve Don Shortreed, Howe said support for the resolution could result in some form of control of the species.

Dysart et al. deputy reeve Murray Fearrey said that in his view "there are enough people concerned about these birds that

they're not going to let them be wiped out".

When a motion to support the Downey resolution was put to a vote, nay votes were registered by councillors Ed Pergolas, Harry Davis and Don Shortreed, while all other councillors voted to support the move. Following the vote, Pergolas suggested the warden ask

the clerk to determine "whether we also had a resolution on the carrier pigeon" around 1880. (The carrier pigeon was rendered extinct in a matter of years after millions of them were slaughtered in Canada and the United States during fall migrations in the late 19th century). Pergolas subsequently withdrew the request.

County fire damage total set at \$485,000 in 1983

Fires caused an estimated \$485,000 damage to homes and cottages in Haliburton County last year, the Ontario Fire Marshal's office has reported.

Volunteer firemen throughout the county battled 36 blazes in 1983, while 50 responses to accidents and occurrences other than fires also were recorded. No one was killed or injured in any of the blazes.

Dysart et al., the largest municipality in the county, encompassing nine townships, topped the list with seven fires causing an estimated \$155,000 damage. Seven fires also were reported in Glamorgan Township, causing \$116,000 damage.

Anson, Hindon and Minden, the second largest and most populous municipality in Haliburton County, was the location of seven fires also, but damage was substantially less, totalling

an estimated \$60,000.

Five fires were reported in Stanhope Township last year, with damage estimated at \$59,500.

In Lutterworth Township, which purchases fire protection services from Anson, Hindon and Minden, there were three fires in 1983 causing an estimated \$33,000 damage.

Three fires also were reported in Snowdon Township with damage set at \$31,000. Snowdon purchases fire fighting services from surrounding municipalities.

In Monmouth Township, only three fires occurred last year with damage set at \$28,600.

Cardiff Township reported only one fire in 1983 which caused \$2000 damage.

Bicroft and Sherborne et al were the only two municipalities in the county which did not have any fires in 1983.

Think about it

This is the time of year when Christmas lists are made and a lot of creative energy is put into the task of coming up with just the right gift for Aunt Mary and brother Fred. It is also the time when a great many local people head off to Lindsay, Peterborough and Toronto to brave the rush in a bid to get that shopping over with.

There are many people, of course, who decry this most commercial aspect of Christmas, and perhaps they are right. But since the tradition of gift giving has been with us for a long time and shows no prospect of disappearing, it would be well to pause for a moment and think about what those shopping trips to other communities mean.

Aside from the cost of fuel, shopping outside the communities of Haliburton County is an expensive business, because its effect is to reduce the number of dollars circulating through the local economy. In the end, that means every local citizen is just a little worse off than he or she might have been, and every local community is just a little bit weaker. For the truth is that the merchants of Haliburton, Minden, and other hamlets are the life blood of their communities. It is the merchants to whom local organizations turn when they need prizes for athletic contests or donations for various projects. It is the local merchants who buy sweaters for minor hockey teams. It is the merchants who keep service clubs growing and vital. It is they who initiate the expansions and carry out the renovations that make main streets more attractive for residents and visitors. And it is the local merchants who create many of the jobs on which area citizens depend.

For all these reasons, everyone in Haliburton County should make an effort to leave as many dollars as possible in the local economy, instead of pumping them into the pockets of merchants in cities to the south.

It isn't hard to shop locally. In fact, it's a friendly experience. This Christmas, why not make it a point to find those gifts for Aunt Mary and brother Fred in local stores? The economy of Haliburton County will be stronger if you do.

One sided

The murder of a 28-year old woman and her two-year old daughter at Eagle Lake last Saturday has provided yet one more example of the way in which people, and the electronic media in particular, pander to the apparent public taste for other people's tragedies. Within minutes of the incident, rumours were flying through the community, embellished at every retelling. There are reports that a resident of the area telephoned the Toronto media and provided them with all sorts of grizzly untruths, some of which eventually made it into print. By Sunday, television crews from Barrie and Peterborough had been dispatched to the scene. Violent death is big news, news that television viewers want to know about. For the electronic media, news is anything to do with suffering, conflict and controversy and television crews will flock to any scene and any story that has one of these elements.

The effect of all this is to distance people from the underlying truths of the human condition. Pain and suffering, violence and death become mere spectacle, worthy of a few seconds notice and little more. The good goes unseen by the television cameras and the reporters who stare into them with practised disinterest.

But the good does not go unnoticed by community newspapers like the Echo. Each week the paper makes a serious and sustained effort not only to report the sensational and controversial, but to reflect the life of the community as a whole; its triumphs, however small, its tragedies, however profound.

It isn't an easy job, but it is an important one of which we are proud.

Awaiting winter at Eagle Lake

Letters to the Editor

Readers defend local library services

To the Editor:

In response to the letter in last week's Echo re: the Haliburton County Public Library services, I would like to say that I have found the librarians most helpful. Over the past few years I have taken several university correspondence courses, for which I have required numerous reference books. The local library staff has gone out of its way to obtain these from universities and libraries throughout Ontario.

One should not expect that a library in a town this size should presume to be a reference library. The important thing is that it is able and willing to obtain non-fiction books when requested to do so. I personally have been quite satisfied with its service in this regard.

Sincerely,
Leona Carter,
R.R. 2, Haliburton, Ontario

To the Editor:

In reference to our Public Library, I feel I must respond to last week's billigerent letter. As a senior citizen, I am content to read good fiction and the supply of this is excellent. The staff are always helpful, ordering any book I have requested, be it old or new. Might I suggest the gentleman who criticizes so viciously, entered the library ready for a fight. That attitude "stinks" in the common street vernacular.

M. Barker,
West Gullford, Ontario

To the Editor:

I read with disbelief the letter from Mr. Leslie A. Roberts in the Echo of November 21 and cannot believe he was referring to the same library that I have been in touch with for the past week. I was anxious to get a copy of a Canadian book that is now out of print, and though perhaps, the Haliburton library might have a copy that I could borrow. I should state here that I haven't actually been in the library for several years - thus I was a complete stranger to the lady who spoke to me on the telephone. She was most helpful and

said that she would look at the records in the local library, and if there was nothing there would get in touch with the other branches, and I think she said there were nine. She has called me three times to report progress, and besides being patient and helpful, promised that if she came up with the book, would send it out to me. Her name is Mrs. Mary Packard - a charming lady, a valuable asset and credit to the Haliburton Library Board - giving service "over and above the call of duty".

Mr. Roberts - is it possible that you were "looking on life with a jaundiced eye", that day?

With kind regards to all at the Echo.

Yours sincerely,
Agnes Borthwick,
R.R. 2, Haliburton, Ontario

To the Editor:

Small town newspapers have always interested me, as I spent half of my life in towns that could only support a weekly.

Regardless of the size of the community the editor surely has an obligation to his readers to see that his editorial pages if not immortal at least conform to the good rules of the Queen's English. I can only hope that the column contributed by one Creighton Feir fails to influence teenage readers on the way up. My guess would be that the man never completed his high school English course nor earned a dollar in his life as a contributor to any publication that pays its writers.

For a time before retirement I had a friend cut out his column which I photocopied for my English students to correct. Even my Grade IX's could chase down the endless clichés and spot misuse of verbs. The top score went to a Grade XIII girl who made 21 alterations and corrections in a single column.

In retirement, I'm having a ball as a free lancer. The staff I worked with still ask for the Feir column and use it regularly for corrective English. Surely one of the local high school graduates could do a better job.

G. B. Allan,
Toronto, Ontario

Feir Play

Creighton Feir

During the past year Haliburton County has had its fair share of vandalism and the break-ins at local business establishments have caused such losses that the business people are beginning to start pulling out their hair by the roots. In my estimation persons causing damage to public buildings and businesses shouldn't be admitted in the building. In fact it may be a good idea to lay some charges against them. The public buildings that come to mind are situated in this county and are for the residents of the area. The onus is on the users of these public buildings to see that people causing the damages are caught. If you see someone doing damage to a public building, or a private building for that matter, it wouldn't hurt to get involved and let the police or those in authority know it is happening and just who is doing it. Public buildings such as the museum, washrooms, arenas, schools and other facilities in the area are for the people to use, not abuse.

Now that the hockey season is here it is time for Haliburton and area residents to get out and support local sports teams. Hockey has seen better days in the village, not from the calibre of hockey that is being played, but in the number of people who are attending the games. Even the Haliburton NorthernWays Huskies, who are not operating this season, played last year to very small crowds. It seems that the team has to be in the playoffs before attendance increases. Perhaps a few more cheering fans is just what the present minor hockey league teams need to bring another hockey championship back to the area.

During the past weeks local citizens have been hearing a great deal about the CAT Scan but we have just realized that many of them are wondering "What is a CAT Scanner?" This week I received a brochure from the Peterborough Region CAT Scan Fund outlining several important points. The brochure says the letters CAT are an abbreviation of Computerized Assisted Tomography, a completely new and different approach to x-ray imaging. This combination of computer and x-ray machine allows, for the first time, the detection of tiny differences in density of body tissues. The CAT Scanner produces thin cross-sectional views of the patient which can be displayed on a TV screen or recorded on film. It can be likened to looking at slices of bread rather than at the whole loaf. Thus the doctor can see much greater detail. Who will benefit? It is "what" the scanner can do, rather than "how" it does it, which is of greatest importance to us all. It's ability to detect conditions and diseases in their very early stages that can make the difference between life and death. This is particularly true for cancer.

Dennis Casey, manager of the Outreach Centre at Haliburton, was a recent speaker at a regular Rotary Club meeting in Haliburton. He talked about the relationship between managers and workers and what an asset employees are to any business. This was followed by an excellent discussion on UIC problems and benefits in Haliburton County.

Terri Abbs and Sue Dillon, employees of Jasco Drug Mart in Haliburton, have returned home following a visit to Atlantic City and a week's course on the subject of convalescent aid. Jasco Drug Mart in the village has opened up an area at the back of their store to display the many products for those who are in need of this equipment.

The Bank of Montreal's "Warm and Woolley Tree" will be up on December 3. Hand-made articles will be distributed to needy families on December 21 by the Salvation Army.

The CGIT Christmas Vesper Service "Behold! God's Messiah for all times has come" will be held this Sunday evening, December 2 at the Haliburton United Church starting at 7:00 p.m.

Public skating resumed at the Dysart arena in Haliburton on Sunday afternoon and a record crowd was on hand to lace on their skates and spend awhile skating themselves into shape. It's real good exercise and many more should try it out. It's public skating again this Sunday from 2 to 4 p.m. Come on out and join the crowd.

This is the time of the year that many citizens of Haliburton have left or are thinking of leaving for the sunny south to enjoy the sun while the rest of us are left to shovel the snow which will soon be on its way. We hope they are enjoying themselves and have a good winter and we'll be looking forward to seeing them back in the spring.

Just a reminder here that all roads will be leading into Haliburton this coming Saturday, December 1 when over 30 businesses in Haliburton and area will be swinging their doors open at 9:00 a.m. for the annual Pre-Christmas Discount Day. Yes, this is the day when you will find bargains galore at participating stores. This is your opportunity to get in on the big savings when purchasing those Christmas gifts. Hundreds of items will be marked down this coming Saturday, December 1. Please take time to read the advertisements in the special section in this week's edition of the Haliburton County Echo. Bring all the family along and see how much money you'll save while having a good time.

Viewpoint

Pic of the Past

The above photo shows the deer that were shot at Sheldon's Lake Hunting Camp at Moore Falls in 1958. The first camp was built on Cooney's Lake in 1900. A small shack was abandoned in 1925. Sam Bryant then moved to a camp on Black Lake which was built by him and named the Bean Ville Hotel. He sold this camp to a lawyer named

Mark. He then moved to Scrabble Lake and built another camp. In the winter of 1934 and 1935 this camp was used for a logging camp as well as a hunting camp. It burned down in the summer of 1937. The same summer Sam Bryant and his hired men built the camp that now stands. Shown in the photo are from the left: Sam Bryant, Maggie Stewart, Jack Wilson, Stan Chamberlain, Harold Chynoweth, Harry Nelles, Bruce Naylor, Len Wilson, Athol Rumney, Jim Wilson. Our thanks to Sandra Roberts for giving us permission to use this photo.

More letters to the Editor

To the Editor:

One exceptionally valuable aspect of AHM's recently approved Procedural By-law applies to notices-of-motion. Any member of council may table notice of a resolution that he or she sponsors. It then rests a couple weeks until the next regular meeting at which time it must receive a seconder to be discussed and voted upon, or die on the agenda. The intervening time between notice-of-motion and tabling for a seconder allows for a number of things to happen not the least of which is public awareness and discussion of the issue on hand.

At last meeting of council I tabled a notice-of-motion that will be heard December 13. Simply put, I am soliciting council's support for the allocation of one dollar per municipal household for overseas famine relief, and if that support is gained, for AHM to contact the federal government for advice as to how that amount may best be channelled. This is not a traditional use of municipal coffers, and yet I believe it is a use that is sensitive to changing times and a need for changing priorities.

The sum of money involved is \$2648 based upon a 1982 census. The proposed use of such an amount is for 1984 only, although I am in favour of an annual expenditure of this sort. The specific use of the funds could be determined after discussions at local and federal levels and possibilities range from support of existing aid programs to fostering a third world municipality. I am aware of the criticism that will be brought to bear on such a proposal.

Can we afford the money involved? Doubtless these are times of restraint. Municipal revenues are hard pressed to match expenditures, and yearly we struggle to maintain some services let alone improve upon them. But yes, I believe we can afford the \$1 per household. Municipal reserve funds at the end of 1983 amounted to \$115 per household. Bank interest made on this and other municipal accounts amounted to \$6.12 per household. The surplus of the 1983 budget vs. actual 1983 expenditures was \$1.51 per household. These amounts are not, of course, loose cash

on hand. They are all accounted for in annual budgets and participate in municipal financing operations. What they do show though is the flexibility to allow a \$1 per household expenditure for anything at all if the expenditure can be justified.

Why should we spend on overseas aid? Don't we have enough reason to help fellow Canadians? In September of this year Statistics Canada reported an additional 800,000 Canadians live below the poverty line, swelling the number of impoverished in this land to 4.3 million or 18% of the population. This past June, representatives of the United Church, Anglican Church, and Salvation Army pointed to a "scandalous number of people, especially children, who are going to bed hungry." The National Council of Welfare just recently petitioned the federal government for more assistance to the 300,000-plus single seniors living in poverty in Canada. And yet I think we would be unfair to offer the need for assistance to our impoverished fellow Canadians as a reason not to assist those overseas who face certain death let alone poverty. Churches and agencies are aware of Canadians living below the urban family poverty line of \$19,397, or of those that go days without proper nourishment. Certainly those are issues that need be addressed, but they should not be compared to the resignation of death by starvation.

Why should municipal revenues be used this way at all? Isn't it an improper use of public funds? Why not leave things as they are? Traditionally foreign aid has been channelled through federal agencies, churches and private groups. Yet we would be wrong to think that municipal revenues are a sacrosanct resource that relies only on a system of unemotional and 'business-like' ethics for dispensation. Consider that the 1983 AHM municipal budget was subsidized by \$776,301 of redistributed provincial and national revenue. Consider further that it was only a short while ago that it was illegal for individuals to participate in lotteries. Now think about the sixty-eight million dollars Ontario

Please turn to Page 7

Queen's Park Report

by John Eakins, MPP

I doubt very much that the Honourable Claude Bennett, Minister of Municipal Affairs and Housing, will be introducing legislation in the near future with regard to lot licensing in trailer parks.

Many individuals and camp owners have contacted me to express concern that legislation would be coming into effect on January 1, 1985, without an opportunity for prior discussion and adequate input. I am pleased that the Minister will not put the date of January 1 on the back burner and call for presentations from the campground operators, as well as municipal councils, associations and individuals. In my view, the Minister's proposal was excessive and made in haste.

After being questioned in the House, the Minister gave the following response:

"Mr. Speaker, I met with the Ontario Private Campground Association, along with some of their associate members, to discuss the potential of bringing legislation into this House that would relate to taxation or fees against trailers that are stationary on a park for a period longer than 30 days.

"The House is fully aware that this comes as a result of municipality after municipality asking the government to look at the possibilities of putting into place some revenue-producing opportunities for them as far as trailers are concerned. It comes as a result of requests from not only municipalities but also cottage owners who believe there is an unfair advantage being taken by people whose trailers are stationary on a piece of property for a longer period than 30 days.

"I told them we were looking at some potential legislation. I reviewed with them some oppor-

tunities, and I want to underline that phrase 'some opportunities'. They expressed to me some views that they thought might want to be included in legislation if we were to produce some in this House during this session. I am looking at that. I have not offered them or my caucus colleagues any guarantee that we will be introducing legislation in this session.

"As far as the date of 1985 is concerned, there will be no fee implemented in relation to the campers. I indicated that thinking to the Campground Owners' Association because of the time factors that are involved in producing a legislative piece of business. I clearly indicated that to them at the time, and I emphasize it again here today. It will not come into effect on January 1, 1985.

"As the Minister, I still take the privilege of reviewing the situation in relation to the comments that were made by the Campground Owners' Association and of discussing with the members of the caucus of this government party as to which direction we might want to take, whether to produce a bill or whether to get into a white paper and to try to flush out more comments from municipal associations, the Campground Owners' Association and private citizens. That is a privilege I will retain, and I will make that decision as we go along."

In the meantime, I would urge anyone interested in proposed legislation to prepare letters or briefs for submission to the Minister at the appropriate time. I will ask the Minister to allow public input. Submissions should offer positive alternatives.

Please let me know your views, so that I can better represent you when I speak on this issue in the Legislature.

Report from Parliament

By Bill Scott M.P.

Earlier this year, when we were in the Opposition, our Party formed the Revenue Canada Tax Force which brought to light many inequities in the system of income tax collection in this country. That Task Force produced several recommendations for areas of improvement.

Speaking in the Throne Speech debate on November 16 the Hon. Perrin Beatty, Minister of National Revenue, announced administrative and technological initiatives designed to give taxpayers better information and service flowing from the report of the Task Force. These improvements include:

Giving taxpayers who receive requests for information 30 days to respond to National Revenue;

Advance notification to more taxpayers of the department's intention to assess or reassess. Advance notification will now be applied to an additional 76 types of tax situations that previously resulted in notices of initial assessment changes without warning;

Clearer and more complete explanations in computer generated messages that will reach some eleven million taxpayers next year;

An increase for the filing season from nine to eleven on the number of Seasonal Taxation Assistance Centres as well as the addition of 24 Seasonal Tax Information Clinics. This will mean

a substantial increase in the number of people who had such access to face to face service by this type of facility last year;

Extension of toll-free telephone service in district office to 6 p.m. from next February 11 to April 19 and further, to 9 p.m. from April 19 to the end of the filing season;

Provision of full statements of accounts for corporations every time the account changes, including details of all relevant transactions. Previously, corporations were only advised of amounts owing or receivable;

The introduction of assistance programs for the sight and hearing impaired. An inquiry device using phone lines for the deaf and speech-impaired will be available nationally through toll free numbers listed on the back of this year's tax guides. And arrangements are being made in conjunction with the Canadian National Institute for the Blind to make available audio-tapes of the tax guide.

Other improvements will include the application of sophisticated computer technology in storing and retrieving data from taxpayer's returns. Next year staff in district offices will be able to make many requested adjustments, to which taxpayers are entitled, on the spot - at computer terminals in the district offices.

Question

by Catherine Denholm

Who holds the Power in Canada?

Watching the opening of parliament, it is interesting to note the traditional rites which were put in place in early times to keep the parliament of the common people free from intervention by the powerful. The messenger from the Queen's representative cannot just walk into the House of Commons - he has to knock three times and ask permission to enter. It all reminds us of the struggle England had over many years to establish a democracy and gain freedom from royal domination.

It may be time for the parliament of the common people of Canada to close its doors to the lobbying of the powerful corporations who are close to ruling our economy.

The nine largest corporations of Canada control scores of companies. In each corporation is a small group of decision-makers. These few executives are calling the shots for mammoth concentrations of money. The Bronfman-Brosnan group own insurance companies, a trust company, mining companies and are negotiating for a large real estate operation and more. The Thomson

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 6

Emmerson in the lead after 5 straight wins

Emmerson Lumber remains in possession of first place in the Haliburton men's hockey league after playing to a 7-6 win over Haliburton Lumber on Monday night. But the Emmerson squad is only one game ahead of Bishop and Wilson, who pushed their record to four and one with an easy 10-4 decision over Curry Motors.

Bishop and Wilson moved out in front early in the first period and stayed there for the rest of the game, although Curry Motors did narrow the gap to 3-2 early in the second period.

Bob Woodcock opened the scoring for the surveyors, assisted by Greg Bishop. Jim Winn then made it 2-0 with help from Luke Schell. At the midway point of the first period Guy Ramsey made it 3-0 with help from Rick

Wood and the surveyors were in control of the game.

But Curry Motors came back with a goal before the period ended, Bill Johnston getting the marker with help from Brian Black and Gary Brohman.

A little over four minutes into the second period John Robinson moved the motormen to within one goal. But the surveyors then unloaded for four more goals to put the game out of reach before the end of the second period. Scoring were Rick Wood from Scott Hammond and Ramsey, Woodcock from Bishop, Winn from Bishop, and Hammond from Wood.

The spree continued in the third period as Wood added another unassisted and Schell scored from Winn.

With 9:13 left in the game George Schmid

scored for the motormen to make it 9-3.

The surveyors got their 10th and final goal with 3:49 left on the clock as Hammond tallied unassisted.

Brian Black completed the scoring for the motormen in the final seconds to make the score 10-4 for Bishop and Wilson.

The night's second game was much closer, and wasn't decided until the final buzzer sounded.

Paul Howe opened the scoring for Emmerson Lumber, assisted by Jim Burk and Pat Wilson, but Haliburton Lumber responded with three goals to move well ahead by the four-minute mark of the second frame. Tallying were Dean Curry from Joe Roberts and Eric Edwards, and Dwight Sisson with two, one of them assisted by Kevin Newell.

Emmerson Lumber moved to within one goal with 8:44 left in the second period as Tom Curry connected from Drew Carey and the score remained 3-2 until the opening seconds of the third period, when Haliburton Lumber regained a two-goal advantage on a marker by Neil Sisson from Kevin Newell. Emmerson Lumber then responded with five goals in the next seven minutes to move out in front. Scoring were Roberts from Wilson and Rob Abbs, Wilson from Roberts and Paul Howe, Kim Emmerson from Steve Barker, Curry from Emmerson and Phil Barry, and Roberts from Emmerson and Barker.

Haliburton Lumber responded with two more goals to narrow the margin to 7-6 before time ran out on them. Scoring were Steve Cooper from Newell and Kevin Sisson from Paul Morissette and Kevin Newell.

Haliburton high school's senior soccer team had an outstanding season in 1984, winning nine straight games before losing out in the Kawartha final. Team members are, front row, from left: Barry Scully, Bill Wullemme, Vince Duchene, Leonard Johnston, Paul Walker, Daniel Stiver and Kevin Barry. Back row,

from left: Dennis McKee, Dave McColl, Chris Carl, Paul Milne, Bernie Upton, Robert Milburn, Tom Eager, Kevin Sicard. Other team members are Eion Ross, Chris LaPorte, Jeff Howe, Scott Burgess and Falk Fluegel.

Soccer team plays strongly in best season

Haliburton high school's senior soccer team enjoyed their best season ever this fall, winning nine consecutive games without a loss before losing out in an elimination tournament for the Kawartha district championship.

In regular season play the HHSS team chalked up a 5-1 win over Weldon, a 3-0 margin over LCVI, a 2-0 shutout of Fenelon Falls, a 2-0 blanking of Weldon, a 5-0 victory over Bancroft, a 2-0 shutout of LCVI, and a 3-2 win over LCVI.

In the Kawartha West semi-final match, Haliburton played to a 3-1 advantage over Weldon, and in Kawartha final match, the Redmen earned a 1-0 victory.

The Kawartha championship was decided at a tournament in Peterborough. Haliburton faced its stiffest competition here and was unable to come up with a win, losing 3-0 to Kenner and 4-1 to Cobourg West.

Atoms get wins, record now 4-1

The Haliburton OMHA Atoms are continuing their winning ways in league play. With a victory Friday night over Bobcaygeon they now have four wins and one loss for the season.

Greg Stamp opened the scoring at 8:59 of the first period with assists going to Derek Wilson and Chris Greenfield. Bobcaygeon tied it up with two minutes left in the period.

Bobcaygeon opened the scoring in the second period but their lead didn't last long as Greg Stamp connected for his second of the game on a nice pass from Reid Elstone.

Bobcaygeon, working hard for the win, went ahead

again for the last time at the 4:00 minute mark. One minute later Greg Stamp scored his third of the game with the assist going to Derek Wilson. Derek Wilson then scored himself with the assist going to Jeff Black to end the period.

Fifteen seconds into the third period Jeff Black scored on a breakaway on a nice pass from Greg Stamp.

Although not figuring in on any goals the line of Chad Bain, Greg Brohman, Mathew Williams, Paul Hewitt and Mike Billings played well defensively.

Jamie Billings made his first start of the season in goal with Billy Smith being the back-up.

Midgets underway with two wins

- Submitted -

The Haliburton Midgets under the direction of new coach Mitch Kennedy and manager Murray Kuno started the season with two wins, one tie and a loss. Home night for the Midgets is Tuesday nights and team administrators say fan support would be welcome.

In their first encounter of the season October 23, Haliburton defeated Bancroft Midgets 7-5. Leading the scoring for Haliburton were John Burton with three goals. Tom McLeod picked up two assists on Burton's goals and Jeff Popple one assist. Tran LaRue from Glen Hall and Mike Blake, Blake from Rutter and McKnight, Tom McLeod from Ian Cooper and Waugh unassisted rounded out the

scoring.

In their second game of the season the Midgets defeated Bobcaygeon 4-0. Andrew Burk displayed strong goaltending for Haliburton. Scoring for Haliburton were Tran LaRue from Ian Cooper; Cory McKnight from McLeod; John Wells from LaRue and Cory McKnight, and Wells second of the night from Glen Hall. Haliburton played a strong game defensively with Ian Cooper, Mike Blake and Cory McKnight leading the blueline corps.

At the Ops Centre on November 11 Haliburton played their third game of the season. The game was marred by penalties with the Haliburton team receiving 44 minutes and Ops 36. Dave McKay scored the only goal assisted by Cooper and LaRue. Ops defeated Haliburton 5-1. Playing a strong game despite the penalties were Paul Kuno, John Wells and Dave McKay.

On Tuesday, November 20, the boys hosted Fenelon Falls for their first home game of the season. At the

end of two periods Haliburton held a 3-0 lead, led by some strong goaltending by Andrew Burk, but the advantage diminished as the Fenelon boys scored three unanswered goals in the third period.

Scoring for Haliburton were Paul Kuno from Tom McLeod, Ian Cooper from Jeff Popple and Tran LaRue and Glen Hall unassisted.

Haliburton was at home Tuesday, November 27 against Cannington.

Bantams dominate Ops club

- Submitted -

In a very uneven contest between Haliburton OMHA Bantams and Ops last Friday night, the game was suspended after two periods. After a two-goal first period, Haliburton scored nine goals

in the second period to defeat Ops 11-0. Scoring for Haliburton were: Nicholls from Rydman, Warburton from Russell, Hunter from Nicholls, Perrin from Rydman and Mitchell, Nicholls from Byers, Rydman from Perrin, Byers from Nicholls,

Perrin from Hunter, Warburton from Nicholls, Nicholls from Rydman, Nicholls from Rydman.

The Bantams travel to Little Britain on Thursday night and are at home Saturday when they host the annual Bantam tournament.

Novice White are undefeated

Haliburton's Novice White hockey team remains undefeated so far this season, having racked up an impressive number of goals.

November 17 the team defeated Apsley 15 - 0 at the Dysart arena. Mark Morissette notched 10 goals while his brother Kevin accounted for the other five. Michael Hartwick had three assists. Others with assists were Jackie Morrison, Ryan Hewitt and Chris Scott.

Jeff Teatro got the shutout in the Haliburton net.

On Friday, Haliburton faced Minden at the Dysart arena, and this time it was a 9 - 1 victory for the Haliburton squad. Mark Morissette had six goals for the night, while Kevin Morissette accounted for the other three. Peter Brohman had three assists, with David Harrison and Tim Stouffer also earning assists.

Saturday, Haliburton travelled to Apsley and skated to a 10 - 0 shutout. Kevin Morissette had six goals, with Mark Morissette not-

ing three and Jackie Morrison, one goal. Michael Hartwick had three assists, Ryan Hewitt two assists, with Tim Stouffer getting one.

Jeff Teatro once again earned the shutout. On Monday, Haliburton White met Haliburton Novice Blue, with the White team getting a 6 - 2 victory.

Mark Morissette had three

goals, Kevin Morissette two goals, and Randy Harrison one goal. Scoring for Haliburton Blue were Jeff Miscio assisted by Colin Morrison and Mark Stamp, and Jonathon Bishop, assisted by Curtis Bain and Ryan Smith.

Jamie Cowan manned the net for Haliburton Blue while Peter Brohman had goaltending duties for Haliburton White.

Chamber

by Emily Skinner

Finance Minister Wilson, in his inaugural economic address, painted a bleak picture of Canada's future if we continue in the economic direction set by the prior government. He emphasized that the size of government deficit, and the projected increases therein, was equivalent to over-mortgaging one's home so badly as to bring on ultimate financial disaster.

The government's immediate objective is to reduce the size of the deficit primarily by reducing government expenditures and as soon as government revenue permit there will be new initiatives to stimulate private investment.

While we were promised much consultation, many discussion papers, and more parliament committees the list of concrete, specific actions now decided on is rather short.

The new government says they will avoid "politically appealing quick fix" prescriptions, so we will probably have to wait until the promised spring budget to hear their more substantive ideas for correcting our economic woes.

More Important Points

- Basic income support programs will not be weakened.
- Prime Minister's and cabinet ministers' pay will be reduced by 15% and 10% respectively. M.P.'s pension system will be reviewed.
- Deputy Prime Minister to continue his aggressive review of all government programs to cut out duplication and redundant programs.
- Outstanding Income Tax issues from last year or two to be passed quickly with minor improvements.
- Taxpayers will not be considered innocent until proven guilty. They will no longer be obliged to pay tax assessments immediately when they are the subject of a formal objective or appeal by the taxpayer.
- The 1% increase in federal tax which took effect October 1, 1984, will be given legal effect immediately. The major improvements in admin-

Treasurer Larry Grossman reported in February, 1984 that will be the estimated profit for the provincially-run lotteries. This is a profit that relies upon annual ticket sales amounting to \$196 per Ontario household. Sports Minister Otto Jelinek cancelled federal participation in lotteries calling them, "a tax on the poor, perhaps even an immoral way of collecting taxes. There is no question that lotteries are indirect taxation".

We in this municipality are part of the 5% of the world population who enjoy the consumption of 85% of its production (including food). If greed may become the basis for tax revenue, I respectfully suggest that charity is a legitimate consideration for tax expenditure. Especially at the modest expense of \$1 per household.

Yours very truly,
Gary Kenney,
Blairhampton

Novice Blue team skate to a 3-1 win

By ROGER BAIN

At a game played in Haliburton on Saturday the Novice Blue team came out on top of Bancroft by a margin of 3 - 1.

Mark Stamp tallied twice for Haliburton with assists going to Shawn McCord, Kenny Teasdale, Jeff Miscio, Randy Smith and Jeremy Nimigon. Jonathon Bishop was the other goal scorer for Haliburton, getting some help from Ryan Smith, Tim Keefer and Carmen Sawyer.

Haliburton's defensive game was much improved over the last couple of games, largely due to the goaltending of Jamie Cowen.

The Haliburton Novice Blue team travelled to Bancroft on Saturday, November 24 and came up with their second win of the season.

The first period was close with several end to end rushes by both teams. If not for the goaltending of Jamie Cowen the score could have been much higher.

Scoring for Haliburton were Jonathon Bishop, Mark Stamp, Curtis Bain and Colin Morrison. Assisting on the goals were Carmen Sawyer, Ryan Smith, Randy Smith, Tim Keefer, Jeff Miscio, Kenny Teasdale and Shawn McCord.

By VIRGINIA MUENZEL

Ed, I have something to tell you...

My first few weeks as an immigrant were eventful, to say the least. Because Ed had to work in Buffalo for another month, I was more or less on my own. So it was just me and two very upset from moving, old cats in an eight-by-sixteen foot cabin, in the cold, damp, mucky month of April. When Ed did manage to steal up for a weekend, I always had a couple of surprises for him.

Imagine his amazement, for instance, on his first visit, to learn that I had become a mother during his absence. Sort of. As far as he knew, when he left, I wasn't expecting. But, there I was, feeding a baby, when he came in the door. It's like this...

I had been stuck in the cabin for a couple of days, due to some cold, April rain. It only takes about two hours to scrub the place from stem to stern, and there's only so much reading to do, so I decided it was time to survey the situation, and walk around the premises. I was checking out the looks of things in front of the barn, trying to picture it all landscaped (I had lots of grand ideas then), when I commenced to hear such a pathetic yeowling coming from somewhere amongst the raspberry brambles. Now, I knew my neighbour's cat had recently produced another littler, and that, for some reason, she had also not been seen for a couple of days. So I pretty much knew what I was looking for. It didn't take me long to follow the racket to a nest in the hollow of an old rotten cedar log. There were three tiny kittens. One of them already dead, one almost, and one half drowned, scrappy, starving, angry bundle that wasn't about to say die.

I stuffed the two kittens in my jacket, and took them to the cabin. The fact that I had more than one problem immediately became evident. I had to get the kittens warm, protect them from harm, (harm being my second oldest cat, Pepper) and find some way to feed them. The first two were easily solved. I simply shredded some newspaper into my cat carrying cage and put the kittens in it next to the stove. Feeding was more of a challenge, as the babies were only a couple of weeks old, and nowhere near ready to wean. Besides, the one was very weak. But I warmed some milk, put it in a used milk bag, and put a tiny pin hole in one corner of it.

It worked! The rowdy kitten sucked for all he was worth. The other one made a half-hearted attempt at it. They soon dozed off for all of two hours. Then, Sassy, (what else would I call him) began his hunger cry again. I hadn't been on a feeding schedule like that for eighteen years. Getting up every two hours all night long wasn't easy at my age. But we managed to muddle through one night and one day without incident.

Please turn to Page 14

Mary Pearsell and Vittoria Formica take time out from cooking spaghetti at St. Anthony's Church on Saturday to chat with Sheila Popple and Maxine Curry. The spaghetti is a popular attraction at the

church's annual Christmas bazaar and bake sale, which attracted scores of people in search of Christmas bargains.

Senior League

By BERT HARRISON

Dear readers, it was another busy weekend here at Hyland Crest. Here are some who had special guests. Millie Wood's daughter came and stayed with her to dine. Edith Welch's son Ron and wife Pat came and stayed with her to dine, along with Aunt Caroline. Bill Johnson comes and takes his mother out, stays to dine with her and wheels her all about. Jessie Walter's husband comes too and I'm sure there are many others who come to visit sisters or lovely mothers.

A nice service was held in the chapel Sunday night. I was glad I could be there. Last Sunday I was in the hospital under nurses care.

It was a beautiful sunny Monday morning, the sky so blue and clear. Our girls have gone to Lindsay on a shopping spree to buy presents for everyone here.

I think that Edna Cowan and Lillie Hogg were the weekend winners: Edna's son came and took them to his place for a birthday turkey dinner. Our son Roger and wife won a four-day trip to New Orleans.

We would like to thank Fern Donnelly for coming and taking over while our girls were away.

Mark Schell, our head cook, said "We really had a good week, a good time all around as far as the hunting goes". He managed to knock one down.

Tuesday morning Rev. Westhaver of Minden United Church, held a very impres-

sive service in the chapel, this lovely November day. We thank you both for coming, Marion Rose also came, the music to play.

We have a new waitress in our dining room. We welcome her by the way, she is a student at Haliburton high school. Her name is Donna Alton. She is getting on just fine and started in today.

Doris showed us three interesting movies this day, Island of the Long Summer, P.E.I. and Come in From Away.

Congratulations we would like to say to three ladies on this 21st November day. Mrs. Edith Welch, Jessie

Walter and Thern Corby. Mrs. Thern Corby celebrated her 81st birthday here at Hyland Crest with members of her family, Jane Pearson and also her sister Marie Austen who was her special guest.

Wednesday afternoon we were truly blessed. The Coboconk Happy Wanderers wandered right into Hyland Crest. They performed a Christmas concert for us with music and voices sweet and clear, such as Santa Claus has come to town with his rednosed reindeer. It made us think of days gone by, when we hung up our stock-

Please turn to Page 14

Staanworth Notes

By A. F. STEVENSON

Residents of Staathworth Court enjoyed a program of country music and singing on Tuesday, November 20, which was very warmly applauded throughout the evening by the listeners. The volunteer musicians were Shirley and Murray Davis, Gordon Houghton and Marvin Rivers. Two of the residents provided their share of entertainment by singing a number of songs that also delighted those present.

A luncheon was served following the entertainment

and during a discussion at this time the residents declared an interest in forming a tenants committee to develop a program of activities at Staathworth Court and this will be carried out. It was also decided at this time to hold a Christmas Party in December to which the directors of Staathworth Housing Corporation will be invited.

The evening ended with a vote of thanks to the entertainers and to the ladies that provided the lunch. When leaving everyone indicated what a pleasant evening it had been.

Home Support News

By DONNA BAILEY

Have you ever dreamed of owning your very own gingerbread house to eat with friends and family? Your dream could come true. Ann Barker, from Carnarvon, has kindly donated one of her beautiful, edible creations for a raffle for Home Support. (Thank you, Ann). Tickets are now available for sale at our office and in the Drop-In Centre. Tickets are 3 for \$1.00. The draw will take place on Wednesday, December 19 in the afternoon at our office -- just in time for you to place it on your table as a beautiful Christmas centrepiece.

The Minden Wheels to Meals will be starting up again on Wednesday, December 5 and then alternate Wednesdays at the Fireside Restaurant at 1 p.m. Not only do we have a new meeting place but also new convenors: Muriel Proctor (286-2733) and Nelda Yakely (286-2872). Thank you, ladies for taking on this. Please phone either one of these

ladies on or before December 3 for reservations. Our thanks to the former convenors, Gloria Lemieux and Georgina Deeks for the super job they did.

The Gelert, Ingoldsby, Lochlin and Donald (GILD) Wheels to Meals will be starting up again commencing on Wednesday, December 12 and then alternate Wednesdays at the Fireside Restaurant at 1 p.m. Please contact Bessie Burk (286-1829) for reservations on or before December 10.

Other Wheels to Meals groups: Carnarvon meet at Reflections alternate Tuesdays. Contact Mildred Archer (489-2408) for reservations. Haliburton meet at Locarno on the Lake alternate Wednesdays. Contact Fred Love (457-2725) for reservations. West Guilford meet at Guilford Restaurant alternate Tuesdays. Contact Ev Stata (754-2204) for reservations. Everyone is welcome to come to any of our Wheels to Meals. The food is always delicious, the people friendly and the social time lots of fun.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Gooderham News

By MARY HADLEY

The Gooderham Bridge Club is open for new members. An invitation is extended to any area players who would like to join the club. To welcome prospective members, a special evening will be held on December 18 at the home of Faye Silver, who will be hostess for a dinner party followed by games of bridge. The group is friendly and congenial and invite any interested players to join us on December 18. For further information phone 447-2803.

The weekly progressive euchre parties, sponsored by the Recreation Committee, have started again for the winter season in the community centre. Already there has been a good turnout. Be sure to come out on Wednesday at 7 p.m. and enjoy a pleasant evening. Prizes are given.

The Recreation Committee also sponsor the bingo games in the community centre each Monday evening. A special event is the Christmas bingo on December 10. Prizes take on a Christmas theme - turkeys, Christmas cake, chocolates, etc. Doors open at 7:30.

Congratulations to Ethel Gainforth, mother of Sandy Barr, on winning the jackpot, an amount of \$200 at the weekly bingo games in the centre a week ago Monday.

Ross Alsop of Prince Albert, a brother of Hubert Alsop, is in hospital at Oshawa, having suffered injuries due to a fall. We hope for early improvement.

Vivian and Tommy Dovell travelled to Marmora last Wednesday to visit their sister-in-law, Mary Maxwell and her son, Gerry.

Sandra Dovell is in Oshawa, due to the illness of her father, who is in hospital there.

An early family Christmas dinner was enjoyed last Sunday at the home of Gladys and Aldridge Hunter.

Adeline and Ross Hunter spent last weekend with Adeline's parents, Evelyn and Hubert Alsop.

Don't forget the sale of ceramics and other craft work on December 1 at the summer cottage on Pine Lake of Vivian and Blair Hanthorn.

A sumptuous pot luck dinner was served in the community centre last Saturday evening. This occasion, at the end of the season, was to honour the two Gooderham ball teams, the men's and the ladies'. Both teams won the league championship a month ago.

The casseroles, meat, and desserts were delicious and there certainly was no scarcity of food.

The teams appreciated the number of local fans who attended to show their support.

Nancy Brink of Nancy's Flowers, who was a popular umpire for most of the games, was an invited guest.

During the meal the final game between Ironclad and Gooderham was shown on video. George Simmons was responsible for the filming of this video tape recording and set it up for the evening's programme. The recall of some crucial plays was quite entertaining. Many thanks go to George and his friend who did the filming.

Trophies were distributed. They were given for the most valuable player in each of the four teams in the league. Gooderham winners were Karen Dewey and Vince Billings.

They were also given for the most sportsmanlike player. Here only two were awarded for the whole league. Dan Matthews was the winner for the men's league while Flo from Galway won in the girls' league. Congratulations.

Dancing to the music of a D.J. ended an enjoyable

evening. There was a good turnout which meant the evening was also financially rewarding.

Mention should be made of the contribution made by Honi. At the games her vocal support both enlivens and encourages the players. She looks after selling the raffle tickets; prepares hot dogs and hamburgers for sale at the game and contributed much as a player on the

ladies' team. Thanks, Honi! The teams appreciate your efforts and support.

Thanks also to those behind the scenes who assisted at the dinner.

The fans still hope to see a score board next season!

Sympathy is expressed to Iva and Ted Hadley on the passing of their daughter, Shirley Stewart, who died suddenly at her home in Bobcaygeon last Saturday.

Carnarvon News

By ANN MCKAY

Recently the ladies of the U.C.W. held a get acquainted tea in the Christian Education Building to meet the new people who have moved into the area, with a very successful turnout.

Mrs. Bob Fletcher spent a few days in Toronto visiting with family there.

Mr. and Mrs. Stan Archer spent a week in London, Ontario visiting their children and grandchildren with some of them having birthdays around this time. On the way home they visited with relatives in Guelph and Hamilton.

Mr. and Mrs. Max McKay and Dee Jennings visited in Peterborough on Thursday.

Mrs. Shirley Edmunds who has spent the past month visiting with sisters and brothers in Maple Lake, Horseshoe Lake, Kirkfield and Carnarvon returned to her home in Niagara Falls on Saturday. She was accompanied there with Mr. and Mrs. Alan Thomas who spent the weekend down there.

Members of the Sunshine Sisters please take note: the

annual Christmas party will be held this year in the Christian Education Building of Carnarvon Church on December 3. Those who cannot attend please send your gifts with a friend. Also your birthday and wedding anniversary time is 7:30 p.m.

Mrs. Bill McKay is spending the week in Toronto with her mother, Mrs. Sadie Darling to assist her with shopping and Christmas preparations.

Best wishes for a speedy recovery to our very good neighbour Jack Gregory, who underwent surgery at the Scarborough Centenary Hospital last Tuesday. Mr. and Mrs. Ron Fennell drove down on Sunday when they hoped to bring him home.

Keith Thomas and Susan Barnhart spent the weekend in Toronto.

What lovely weather we are enjoying at this time. I hope the fact some robins and crows are still with us means we have more of this to come. Winter here could be so wonderful if it were just half as long.

Please phone in items of interest to 489-2924.

Wilberforce News

By WINNIE SCHOFIELD

The Monmouth Senior Citizens enjoyed their annual Christmas dinner at Graham's restaurant in Gooderham. A card party at Tory Hill Recreation Centre finished off a pleasant day.

Recent new members to the club are Percy and Hazel Yake. Mr. and Mrs. Yake came here from Stouffville. They were tourists who visited Benoir Lake and on retirement decided on this area. A challenge to Mr. Yake was the building of his own home. At a spot between Wilberforce and Harcourt he is putting the finishing touches to a log house. The couple make a welcome addition to the Senior Citizen Club.

Once a year the children from the Wilberforce school entertain the senior citizens. This year the Christmas Party will be held at the Memorial Centre on December 18 beginning at 1:30 p.m. Relatives and friends are invited to attend.

On a mild sunny day on November 24, 39 girls stepped up to receive their diplomas at the Canadore College in North Bay. It was a just reward after a stiff two and a half years in a nursing course. We are proud of our two Wilberforce girls Karen Croft and Jane Taylor who shared the event with family members and friends. The students were piped in. A girl from Bancroft gave the valedictorian address. A dinner and dance came later. Karen and Jane will be writing their exams in January. We wish them lots of luck.

Constable Gary Chapman was pleased and encouraged by a good attendance at the public meeting held at the Memorial Centre. This was to acquaint residents with the subject of Neighbourhood Watch. Films and a talk about ways to combat lawlessness in the community were very convincing. It is good sense to band together and establish a united front against the many thefts and deeds of violence that are becoming common today. We can all play a part. Dwain Tighe is a concerned resident who intends to do something about it. He will be organizing neighbours in all areas of Monmouth Township. We must all be involved to make it work. For more information call Dwain at 448-2336.

We are happy to announce that another wildlife dinner is to be presented by the Legion Ladies Auxiliary members. This takes place on Saturday, December 1 and will be held at the Legion hall. This unique idea of giving people the opportunity to taste such delicious meats as moose, venison, beaver, etc. has proved so popular in the past that there is an increasing demand for yet another dinner. So once more the ladies are attempting to satisfy your request and this dinner will be better than ever. For those who would rather stay with domestic meats and fowl these dishes will be also available. Dinner will be served from 5 to 7 p.m. Tickets are \$7 with \$3 for those under 12 and pre-schoolers free. (I once took my small granddaughter to one of these great dinners and she was so excited by the

crowd that all she would eat was one carrot stick).

Speaking of granddaughters, allow me to introduce Jane Marie Lyon who arrived at St. Boniface General Hospital, Winnipeg on Friday, November 23. Jane weighed 7 lb. 4 1/2 oz. and is a sister for Christopher. Parents are Connie and Gary Lyon. Grandparents being Winnie and Reg Schofield of Wilberforce and Robert and Lola

Lyon of Vancouver. On Monday, December 3 the Inner Stage Production will be bringing a children's theatre presentation to the Memorial Centre. This will be entertainment for school children of Monmouth and Cardiff and will begin at 1:30 p.m. There is no admission fee. Friends and relatives are invited to come and bring their pre-school little ones. This event is sponsored by your library.

By MAIZIE AUSTEN

I hope you are feeling better, Bob Ackersblade.

Happy birthday to Laureen McCracken on Tuesday, December 4. Also happy anniversary to Laureen and Eldon McCracken on Tuesday, December 4.

There was a retirement party at the Centre in honour of Harvey MacIntosh last weekend. All the best on your retirement.

There will be a Christmas arts, crafts and baked goods sale at the Agnes Jamieson Gallery on Thursday, November 29 from 10:00 a.m. to 5 p.m., Friday, November 30, 10:00 a.m. to 8:00 p.m. and Saturday, December 1 from 10:00 a.m. to 5:00 p.m. The arts and crafts are the works of local and surrounding area residents and are great gifts for Christmas giving.

If you have any news for me to include in my column please phone 286-3607. Thank you.

Please turn to Page 10

PROPERTY ASSESSMENT

and your 1985 Municipal and School Taxes

Regional Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

The resulting Assessment Rolls are delivered to municipalities which use them to set their mill rates and compute municipal property tax bills.

The amount of property tax you pay on your home or business depends on the assessed value and the mill rate set by your municipality. The assessed value multiplied by the mill rate will determine your 1985 property taxes.

Open House Sessions

Open Houses are your opportunity to fully understand your assessment and to evaluate its equity.

Open Houses are held in every municipality at convenient times and locations, to provide you with the opportunity to discuss your assessment with staff of the Regional Assessment Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any information as may be necessary prior to the delivery of the Assessment Roll to your municipality.

If you have any questions but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Assessment Notice

Property owners and tenants will receive an Assessment Notice **only if information regarding their property or assessment was changed during the past year, if the assessment was appealed last year, or if the property has been reassessed under section 63 of the Assessment Act.** If you receive an Assessment Notice, it may reflect changes you have requested in your school support designa-

tion, in the amount of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure

If, after attending your local Open House, you are still dissatisfied with your assessment, you have a right to appeal it to the Assessment Review Board. The Assessment Review Board conducts informal hearings and is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity or neighbourhood, and may alter your assessment accordingly.

Appeal Deadline

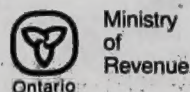

The final date for appealing your assessment is January 9, 1985.

Your appeal must be forwarded, either on a Notice of Appeal Form or as a letter, to the Regional Registrar of the Assessment Review Board on or before January 9, 1985, noting your property address, Roll Number and the reason for the appeal.

To assist you in this regard, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Schedule of Open Houses

Kinmount Korner

By MILLIE MOSS

Our deepest sympathies go out to the families and friends of Frank Smart and Charles McKnight who died this week. Also to Hilda Buxcey and all her family in the death of her mother in England.

I was sorry to hear John Pyke is hurting following a fall on icy pavement last Sunday. Better get the old heating pad and liniment out John.

If you have a house or apartment to rent or know of one available, Lillian Cruise of Norland would be most appreciative of a call to 454-3506. Lillian would prefer Kinmount, 'Coby' or Norland and needs a home with no stairs.

Congratulations to Jessie Buxcey who scored a flat 708 recently, in the Fenelon Falls and District Seniors Bowling League.

St. Patrick's C.W.L. will be hosting their annual turkey bingo at the Legion Hall in Kinmount on Tuesday, December 4 beginning at 8:00 p.m. There will be two share the wealth games, two specials and 16 turkeys to be won. Tickets are seven for \$1 and admission is \$1. Everyone is welcome.

Recent euchre results are: Galway Wednesday nighters: ladies' high: Betty Stuart; ladies' low, Cindy Watson; men's high, Collin Longhurst; men's low, Rick Watson; most lone hands, Bill Menard.

St. Patrick's C.W.L., November 6: men's lone hands, men's high, Gladys Wandby; men's low, Marguerite Scarlett; ladies' high: Ruby Holbrook; ladies' low, Nora Brand; lone hands, Nora Swinson.

November 20, C.W.L. euchre results: ladies' high, Nora Swinson; ladies' low, Glenda Merton; men's high, Charley Molyneux; men's low, Ursula Dymott; lone hands, Nora Swinson (with six).

Hilda and Jessie Buxcey would like to thank everyone who sent cards, called to voice their sympathy and in any way showed their love and concern in the recent death of Hilda's mom.

Recently I asked anyone who would like to have their name/address/whatever to be entered into a friendship quilt, to give a call to 454-8182. Blocks can be any color and 12" X 12". The lady is my mother and she will be 89 years young in January. She hopes to have this quilt made by then. Mom has asked me to thank everyone who so generously has phoned and/or sent her blocks already.

I was sorry to hear Lyle Anderson was taken to hospital last Friday. Get well soon, we all miss you Lyle.

Mame Campbell, Bill and I visited Mary L. and John Pyke, Bill Moss Jr. and Helen Graham, all of Norland last Friday night. It was Helen's birthday but for the birthday girl it was anything but a happy day. She sure was hurting when we were there. Here's hoping you're much better by now, Helen.

Happy birthday to Ida Pardy on December 3.

Constable Craig Black, of the Coboconk O.P.P. visited Kinmount Public School grades 5 - 8 on Thursday, November 15. The topic was "Child Safety" and a film and lecture on what to do and how to react in strange or dangerous situations followed.

On November 12, grade 7-8 from Kinmount joined the same grades from Burnt River in a trip to Bobcaygeon where they visited a museum from the Royal Ontario Museum in Toronto. Film and slides on fossils throughout America and in fact in and around our own communities were shown. The students were also taken on a tour of the museum and were shown many different types of fossils.

The Kinmount Public School will again this year be using the community hall in taking part in activities of floor hockey, volleyball and gymnastics. The community hall will also be the place to go on December 17 for the school's annual Christmas concert. The students at present are busily preparing for this day. When I find out the time of day for this concert I will pass it on to you. In the meantime, everyone is welcome.

A number of the A.C.W. were at the church hall on Friday, November 23 preparing for their annual Xmas bazaar bake sale and luncheon to be held Saturday, November 24. More on that next week. Thanks to Father Brooks and Ken Hyams for their help on Friday.

Following the departure of Mrs. Huculak from her home on #503 towards Irondale on Sunday, November 18, a fire broke out and later I've been told, a lady driving down the highway noticed the house roof in flames and stopped in at the home of Robert and Florence Walker who phoned the Kinmount and District Firefighters. This was about the time the Grey Cup game was starting on TV and the fire being a stubborn one, the weary men arrived back in Kinmount somewhere around nine o'clock in the evening. I understand just about everything was lost.

Everyone is invited to come out and help in the decorating of the Christmas trees to be placed outside of the post office and at the Railroad Station on Saturday, December 1 at 11:00 a.m. Now is the time to get into the mood of the upcoming holiday season and help in a good cause. For further details call Eva Stender at 488-2194.

The good blue/black/white leather mitt I placed on top of the news stand last week, outside of the post office was still there this past Saturday.

All you sick folks get well soon, the rest of you stay well and happy, give me a call at 488-2353 and keep on reading the Echo.

round nine o'clock in the evening. I understand just about everything was lost.

Norland Natter

By KELLY GRAHAM

Hi. I hope you all had a happy and busy week. Remember Christmas is less than a month away - believe it or not.

Speaking of Christmas: the Norland Women's Institute will be having a Christmas luncheon and bazaar at the Norland Community Hall on Saturday, December 1. It will begin at 1:30 p.m. and luncheon admission will be adults, \$3, and children under 12, \$1.50.

Also at our community hall: A Christmas turkey bingo will be held on Monday, December 10. The special event will start at 7:30 p.m. and great prizes, including turkeys, will be given to the lucky winners.

Speaking of lucky winners the Magees, of Norland, are

certainly on a roll. The winner of the hockey pool last week was Peter Magee.

Those of you who are sending Christmas cards overseas should post them soon if you wish them to reach their destination before Christmas.

The possibility of new benches in Ward Park seems very great these days.

The senior citizen's euchre scores from last week were as follows: ladies first, Thelma Adams; second, Joan Bowins; ladies high, Laura Irvine; consolation, Dorothy Adams. Men's first, Ross Falconer; second, Bob White; lone hands, Laurie Barkwell; consolation, Burt Adams.

Well, that's about all I have this week. If you have something newsworthy feel free to give me a call at 454-3707.

Coboconk News

By SHEILA LAKE

Coboconk lost two of its elder folk last week in the deaths of Eddie White on Thursday and Jim McRae on Monday. Jim McRae was born on the site of the old Queens Hotel on Coby's main street. Later the family moved to the French Settlement Road just west of Coby.

There he attended school and spent his early years. In later years he went to Toronto and was owner of James D. McRae Ltd. and was a very successful businessman. He built a house on Water Street and that is presently owned by Robert and Norma Herbert. Mr. McRae had been ill in Ross Memorial Hospital on November 19 and was laid to rest in Kirkfield cemetery.

Ed white, a farmer on Baseline Road, who has lived all his life in the Dongola-Rumney settlement area, died after a lengthy illness. In later years, he drove the rural mail route out of Coboconk. The sympathy of the community goes out to these bereaved families.

The winners in the seniors card games, held in the Coby

Community Centre on Tuesday night, are as follows: euchre - ladies first, Thelma Adams, 75; second, Joan Bowins, 73; most lone hands, Laura Irvine, 4; consolation, Dorothy Adams, 48; men's first, Ross Falconer, 81; second, Bob Wright, 78; most lone hands, Laurie Barkwell, 5; consolation, Bert Adams, 40.

Bridge: first, Grace Crapper, 4310; second, June Barker, 4280; consolation, Nora Bullock, 1080.

Mrs. Ethel Barrow was admitted to Ross Memorial Hospital, Lindsay on Friday. I trust your stay will be short, Ethel.

I hope Betty Angiers is feeling better after surgery in Ross Memorial Hospital last week.

The farewell dinner for Pastor Dale and Brenda Switzer was a big success on Wednesday evening. Everette Cameron made the presentation of a gift of money and some crystalware. Frances Farrow made a presentation of money and crystal from the ladies missionary group. Keir Barker read a portion of scripture and

spoke on friends and friendship. All in all, it was a time of fellowship and we shall all have many fond memories of the Switzer's time here at Faith Tabernacle.

Remember the upcoming Santa Claus parade here in town on December 9.

Everyone loves to have a professional photo of their children or grandchildren. Well, on Friday, December 7 from 10 a.m. to 7:30 p.m. on that day, you can visit the Coboconk I.G.A. Foodmarket and have a nice photo taken.

There is no additional charge for groups, no age limit and additional prints will be available if you wish. Here is a

chance to get a nice photo for grandpa and grandma of their newest little treasure.

Roma Barley has sold her house on Baseline Road so again we will have new neighbours up the road.

Attendance was poor at the last horticultural meeting. Come on folks, how can the president carry on when the members show such little interest? Please get behind the society and make our society strong. That can only be done by participation. See you next meeting.

Lelah Heasman is "sporting" a cane since she hurt her ankle. I hope you are soon better, Lelah!

Minden News

from page 9

Thought for the day. A small measure of faith can produce a large measure of fruit.

Mrs. Bryant's daughter hosted a beautiful birthday party in honour of Mrs. Bryant's 80th birthday at the Orange Hall in Haliburton last weekend. Everyone had a wonderful time. Belated happy birthday Mrs. Bryant and we all wish you many more.

Household Hint...To remove grease from a carpet, sprinkle with salt and rub vigorously.

The Agnes Jamieson Gallery will be hosting the Haliburton Highlands Rug Hookers on Wednesday, December 5 through January 12. There will be wall hangings, rugs, pillows and other decorations.

That's all for this week. Drive with care and stay well. I hope to see you all next week.

**Why the home
on the left
shouldn't
be heated
like the home
on the right.**

On the left? Bill and Kim, the twins, baby Sarah. They've revitalized their furnace with an electric plenum heater; it's one of the most economical ways to cut winter fuel bills. And they've turned the drafty old attic room into a warm nursery with insulation and inexpensive, easy-to-install baseboard heaters. There's a separate thermostat, so baby's room can be kept at exactly the right temperature without overheating the rest of the house.
On the right? Mike and Stella-empty-nesters. They've installed an add-on electric heat pump to help save money and heat their home in winter and they're looking forward to the comfort of air conditioning next summer. It was easy to add, cuts their heating costs and adds to the value of their home.
Electric heat provides home-owners with many options for either total or partial conversion. Whatever your needs, there's an electric system that's just right to help you cut costs, without cutting corners on comfort. Once you understand the flexibility of electric heat, other heats just don't look so hot.
Write to Ontario Hydro and ask for your free booklet about satisfied families who installed electric heat. Ontario Hydro, 620 University Avenue, Dept. U4E3 Toronto, Ontario, M5G 1X6.

From the Chamber

from page 7
istration and appeals area of sales tax will receive further study.

- Major pension and RRSP reforms announced earlier will receive further study, as will the earlier proposals to promote profit sharing for employees.

- A full tax rebate of 3% per litre will be granted to farmers, fishermen, loggers and mine operators for the two-year period December 1, 1984 to December 31, 1986.

- Terminated workers in remote areas will get tax relief on their termination benefits. The temporary tax exemption on certain northern allowances will be extended to the end of 1985.

- A minimum tax for high income earners will be seriously studied.

- The overall process for developing new tax policy will be overhauled.

- Insurable earnings for UIC purposes will rise in 1985, from \$425.00 to \$460.00 per week. The premium rate will increase 2% to 2.25% for employees and 3.29% for employers. Maximum contributions will thus grow from 1984 to 1985, for employees from \$508.56 to \$562.12, and for employers from \$711.98 to \$786.97. The whole U.I.C. program will be urgently reviewed.

- Spouses Allowances will be paid to widows and widowers who have reached age 60, instead of 65 starting in the fall of 1985.

- Veterans pensions will be improved.

- One billion dollars is promised for 1985/86 to help Canadians acquire new skills and find jobs. Temporary make work programs are to be avoided.

- Indexed personal exemptions, tax brackets and the refundable child tax credit will be increased by 4.6% for 1985.

Topical Canadian tax and business information is made available to your Chamber of Commerce by Ernst and Whinney, Chartered Accountants. Information of this nature is available by calling the Chamber of Commerce office at 286-1760.

CALENDAR OF EVENTS

Nov. 29 - Dec. 1, 1984 - The Agnes Jamieson Gallery is having their annual Christmas Show and Sale in Minden. The arts and crafts are works of county residents and surrounding area, and have proved to be very popular for Christmas giving. For more information call the Gallery at (705) 286-3763.

Dec. 1, 1984 - The Haliburton Minor Hockey Association will be sponsoring a Bantam Hockey Tournament at the Dysart Arena

THANK YOU

Our sincere thanks and appreciation for the prayers, cards, flowers and donations received after Bob's recent passing. Special thanks to Dr. Stokes, Dr. Heyes and nursing staff at Haliburton Hospital, Maurice Bradley minister of Gooderham United Church for his words of comfort, Pastor Sauve of the Gooderham Pentecostal Church for his visits and concern, The Barr Funeral Home for their kindness. We will remember your thoughtfulness. Norma - Les Fotheringham & family 27-P-28

We wish to thank everyone who helped us to celebrate our 50th wedding anniversary. All the cards, flowers and good wishes were greatly appreciated. A very special thanks to our family. Ralph & Cora Pasquino 27-P-28

The family of the late Kathleen Bateman wish to express our sincere appreciation to all those who sent floral tributes, cards and donations to the Canadian Cancer Society. Thanks also to Dr. Lodenquai, nurses and staff of the Red Cross Hospital, Minden, Ann MacNaull, Sharon Robinson and the Gordon Monk Funeral Home. A special thanks to Earl Hartin for his kindness and friendship. 27-B-28

Mr. and Mrs. Arthur Barry would like to take this opportunity to thank all their family and friends for their many cards, visits and prayers during Art's recent hospitalization. Special thanks to all the nurses and doctors of the Haliburton Hospital. 27-P-28

We are deeply touched by the love and concern shown to us during our recent sad bereavement. For the floral tributes, memorial donations, cards and telephone calls; for those who gave of their time and talents; to the ministerial for prayers and words of comfort; to the ladies who prepared and served a beautiful and delicious lunch; to the Gordon A. Monk Funeral Home for their efficient and courteous service; to everyone - family, friends and neighbours - please accept our heartfelt gratitude. Our loss is Heaven's gain. Olive and Gary McKnight, Iva Little, Ken and Ross McKnight 27-B-28

THANK YOU

Mrs. Alice Barnum wishes to thank all who have sent cards and flowers or visited her in hospital and at home during her illness. 27-P-28

IN MEMORIAM

McKNIGHT - A tribute in honour of my cousin, Charlie, who died November 15, 1984. A former pastor, shepherd, guide intercessor and friend.

He was called from farm plough and field, To stand behind pulpit, as the lot fell on him. So meek, mild, so kind, with no theology, but in wisdom, power in the spirit. Like the disciples of old, he sought for lost souls of men. As he heard witness, of faithful men so he without falter delivered and then He endured as a true soldier to the end. The many affliction, oppression, adversity, loneliness; but never wavering His true heart would not falter nor give in. Like the rose, with the most beauty, plucked from among all the others, The Master reached forth Continued

IN MEMORIAM

and picked for himself. He was a man of great stature, taken from among us. A vacancy left, but what a glorious entrance and rest awaits him. As we who knew and loved him; Look! there's none other here. Now like Charlie ever again. But it's a challenge for us like him take on the whole armour; Go forward, let's not falter, but stand in the gap. Do our best to seek lost souls of men while we can. Blessed are the dead, that die in the Lord, they rest from their labours. Their works do follow them Rev. 13:14. by Blanche Phillips, Gilmour, Ontario 32-B-28

from page 8

By the second night, it became apparent that the weaker kitten wouldn't make it. Now, you can all snicker, if you like. I can't help it if I'm a sap for helpless little animals. I spent most of that night holding the poor thing, trying to coax some milk down it, and saying little prayers for it. Of course, by morning, it was stone cold in the cage. So I put its tiny, lifeless body in a wee little box and buried in the bush behind the cabin.

Ah...but life is for the living, and Sassy's voice was gaining strength with every meal, and he had a veritably unquenchable appetite. He would lie on his back in my arms, slench his bag of milk. Purring, and kneading while he guzzled his milk. Suddenly, at one feeding, he kneaded ten tiny little holes in the bag, making ten tiny little fountains and giving us both a milk bag. I got a new bag, and he did the same thing. Now what was I going to do?

There was nothing for it but to get a regulation baby bottle. I got one of my friends to trot on up to Eagle Lake Store, as I had no car. But they had none in stock. I must have found another softy, though, cause amidst the kitten's hunger cries, up drove a car. Someone up there had hunted up a baby bottle, and brought it to us special delivery. Would this tiny ball of fluff be able to handle a human-sized baby bottle? Are you kidding? Somewhere, I have a photo of a very small kitten laying on a cot holding a bottle up with his back paws while he lovingly clutches it, unassisted to his hungry mouth. And that's how he ate until he discovered cat food.

Now, you know the story about the "baby". I'll bet you'd just love to hear my first original chicken story.

Question

from page 5

group own newspapers, Simpson's, The Bay and more all across the nation. Control of so much capital means power in Canada's financial matters.

The fact that there have been no laws in place to limit the number of take-overs by a conglomerate shows the influence these groups have on government policy already.

When one of these enormous corporations owns a mining company where row material is found and the processing plant where that row material is refined and the manufacturing plant where the product is produced and the retail merchandising outlets plus the news media for advertising and promotion plus the real estate company which locates all properties, then competition is gone. We pay and use and do what we are told.

Powerful corporation executives should have to knock a long time at our House of Commons doors to gain the attention of our legislators.

ings and we were kinda shy. To let our happy wanderers go now, just wouldn't be right. They played and sang four good old numbers, like Silent Night. We wish to thank them for coming and look forward to when they'll come wandering back to Hyland Crest again.

Now from Hyland Crest comes more news: Wilbert Sisson won the game of pity horseshoes. Then the next day at fun and fitness where we have lots of fun, the game

we played, Doris Vaughan won.

Thursday afternoon members of the Eastern Star came on us to call. They not only brought and served a tasty lunch but Mrs. Curry played lovely piano numbers which was enjoyed by all.

We were honoured to have Mr. and Mrs. Wesley Baker who came also. They just celebrated their 65th wedding anniversary a few days ago.

We thank the bingo callers

who came Thursday night, Don and Opal Crowe, who called the bingo numbers and put on a really good show.

Grace Coburn came along this Friday to lead us in a sing-a-long. No one came the music to play. Doris Robertson took over and did a good job. Without these faithful people what would we ever do?

The man who thinks he is a big shot is usually the first one to get fired.

MUNICIPALITY OF DYSART ET AL
